

SnoBees

By the time you read this we will be about a month before the trails officially open. Hopefully everyone has done their job to get the season going. By now all the trails should be cleared of blowdowns, all the signs should be up, all the bridges should have been checked and repaired as needed, and the groomer should have been serviced and ready to go.

At the same time there are people working on fundraising to keep the club going, As well as membership people selling TMA's and getting them out to our dealers to sell. My point is each year it gets harder and harder to find these people. Without them none of this work that you take for granted would get done. There are a couple of things that need to happen. The first being these people need to be thanked for what they do. The second thing is you need to volunteer some of your time.

Our meetings are the second Wednesday of each month September-May 7:30 at the Beehive on Sunset Rd. new faces are always welcome.

TMA's are out and can be purchased online @ snobeas.com or at one of our dealer outlets Gilles Sales and Service, Laquerre Marine, R&L Archery, Guy's Repair, and Trow Hill Grocery
Enjoy the Holiday Season!
